## LOCAL MATTERS

On rises tomorrow at 7:11 a. m. and sets 5:30 p. m. High water at 6:10 a. m. and 6:23 p. m.

**WEATHER PROBABILITIES.**—For this section fair continued cold tonight; Thursday increasing cloudiness; probably snow in the afternoon or at night with rising temperature; light westerly winds, becoming easterly.

**THE WEATHER AND RIVER.**—The weather was very cold again last night and window panes this morning were opaque by the frost which formed upon them. The river froze from shore to shore. The steamer Norfolk, which arrived up this morning at a quarter past six o'clock reports solid ice as far down as Colonial Beach with fields and floating cakes of the same from that point to the bay. The steamer Potomac of the Weems line left Baltimore yesterday evening for this port and is expected to reach here tonight or early tomorrow morning. The Baltimore and Ohio Railroad transfer service between this city and Shepherd's has been suspended and B. & O. freight trains are running over the Washington Southern tracks to Washington. The ferry line between this place and Washington has been abandoned temporarily and, as stated yesterday, the steamer Wakefield of the lower Potomac route has been withdrawn until milder weather prevails. The surface of the Potomac was bleak and dreary early this morning as far as the eye could reach. The ice rose and glaucous over the ice and snow which had rendered the bosom of the river stationary as well as that which had piled up on the flats and in the mouth of creeks. The ice is gorged in places above the city and in Port Washington almost to Indian Head it is piled up in the turns of the channel. The temperature today has been more moderate and the wind variable. The mercury in the thermometer at an early hour varied from 3 to 9° above zero. Later today the government tug Teacumet and the steamer Estelle Randall forced their way through the ice and passed down the river.

**SLEIGHING CARNIVAL.**—The streets of the city were alive last night with sleighs and the sport was indulged in to a late hour. The jingling of bells and the shouts of the merry revellers were heard on many a street and some of the equine men took to the city and some of the "Dollies" attached to Mr. Rhodie Frink's sleigh generally kept in the lead, while others made good seconds. The boys, too, enjoyed a carnival in the way of coasting. The new paving on King street from Fairfax to Union formed an ideal hill, and the snow and ice soon blended, forming a surface as smooth as glass. The youngsters would start on toboggans at Fairfax street and proceed almost to the river before coming to a stop. The square on Cameron street from Fairfax to Lee also afforded splendid sleighing and was patronized by numbers of the younger generation.

**RUNAWAY.**—Early this morning a horse attached to a country milk wagon when near the intersection of King and St. Ann streets exploded a blood-hound trotting along and pricking up its ears started in pursuit of the canine. The horse in its flight ran the wagon into a sign post and placed the vehicle on its tail board with the front wheels high in the air. The milk bottles (most of which were broken) were scattered in every direction. The runaway was stopped before it had proceeded far. The driver of the wagon, a colored man, had a lantern placed in a blanket in order to keep his feet warm. The lantern was broken and the blanket took fire and was partially consumed.

**DEATH OF A HORSE.**—"Dixie," the Texas mustang belonging to Mr. Rott Taylor living near the old canal basin, died yesterday, aged 19 years. It will be remembered that several wild horses were brought here from Texas and sold, being bought by a number of Alexandrians. They proved unmanageable and were killed years ago. Dixie being the only one that lived this length of time. He could do all kinds of work and was kind and gentle towards Mr. Taylor's children and it had consequently been made a great pet.

**MARINE DISASTER FEARED.**—A report is in circulation in this city to the effect that during the night winds of last Sunday the sloop Albion, Captain Chris Faunce, was lost in the lower Potomac. The sloop was in Powell's creek, a short distance below Freestone Point, and is said to have been forced into the river by the mass of ice set in motion by the wind. It is feared that the boat was crushed or capsized and sunk by the heavy flows in which it was caught.

**CONTRACT AWARDED.**—At the meeting of the officers of the Old Dominion Glass Company last night Mr. Joseph E. Rodgers was awarded the contract for the work of rebuilding their factory which was burned Sunday morning. The material is to be furnished by the company. The officials are preparing as speedily as possible for the reconstruction of their works, and as soon as the weather will permit the work of rebuilding will be commenced.

**POLICE COURT.**—There were two cases on the docket of the Police Court this morning—one, that of a white man on the charge of looting at the station house in a drunken condition. He was fined \$5 and in default of payment will serve twenty days on the chain gang. The other case was that of a young man who was locked up for being drunk. He was dismissed.

**CAPSIZING OF A SLEIGH.**—A sleigh was upset on upper Prince street last night and the occupants—all of whom were young ladies—were thrown out in the snow. The horses had taken fright and run away. Fortunately none was hurt, although some sustained bruises and shocks from the sudden contract with terra firma.

**PERSONAL.**—Mrs. Martha J. Carlin is quite ill at her home on Duke street. Miss Katharine McDonald has returned to her home in Berryville from a visit to friends in this city. Miss Sallie W. Faulkner, of Martinsburg, W. Va., and who has many friends in this city, has been appointed maid of honor to represent the Confederate South and Daughters of West Virginia at the Confederate reunion to be held next May in Dallas, Tex. She is the daughter of ex-Senator Charles J. Faulkner, who ran away from the Virginia Military Academy during the civil war to join the Confederate army. Mr. R. Walton Moore, member of the Constitutional Convention from Fairfax, returned to Richmond yesterday from a visit of several days to his home. He still suffers from a boil on his neck that has given him trouble for some days.

**STRANDED.**—John Hyatt and his wife (a cripple on crutches) went to the station house last night where they remained until this morning. The man stated that he and his wife were natives of Illinois and were on their way to their home. He said they recently left New York city where they had met with bad luck and having made their way as far as this city they supposed the authorities here would furnish him and his wife transportation to Illinois. Mayor Simpson told them what he has been compelled to tell all others similarly situated, that there is no contingent fund in Alexandria for the transportation to their homes of stranded individuals, and that having come here from Washington, Hyatt and his wife should have applied to the authorities in that city for help. Later the couple left the station house.

**FELL OVERBOARD.**—Mr. Samuel Jenkins, employed in the Baltimore and Ohio Railroad transfer service in this city, fell overboard from the barge at the foot of Wilkes street yesterday afternoon. Mr. Jenkins was about to cast a line while a landing was being made and, losing his balance, fell. He went through the ice into the chilly water, but held on to the line in the meantime, and was soon pulled aboard the barge by some of the crew. It is considered a narrow escape from drowning, as had he not held on to the line he would have gotten under the ice and probably drowned.

**DO NOT OBJECT.**—The members of the R. L. Hook and Ladder Company say they have no objection to the electric railway company placing a track on Prince street, between Fairfax and Royal, provided an improved rail, akin to that on King street, is laid, so the wheels of the truck can pass over it without difficulty; also that no cars be allowed to stand in front of their house. The railway company some time ago, it is said, offered to comply with these terms if they were allowed to form a loop around the block.

**RECOVERING.**—Walter Jackson, colored, who was hurt on the Southern Railway Sunday, is recovering from his injury. Jackson was a fireman on a passenger train which was approaching North Garden while a freight train was endeavoring to get on a side track to allow the passenger train to pass. Jackson supposed a collision was inevitable and jumped. In striking the ground he was thrown violently and his shoulder was dislocated. The engineer stopped the train in time to prevent a collision.

**A SUCCESSFUL AFFAIR.**—The concert given in Christ Church parish hall last night was, as was anticipated, one of the most successful ever given in this city. The music was on a high order and all who participated acquitted themselves admirably. A large audience was present, and the concert was greatly enjoyed. The concert was given by the pupils of Prof. and Mrs. Simon, of Washington.

**WEDDING.**—Mr. Alexander Bowie and Miss Carrie Homer were married last night at the residence of her father, Mr. Wilmer Studds, on south Alfred street. The ceremony was performed by Rev. P. P. Phillips, pastor of St. Paul's Church, and was attended by the relatives and a few of the immediate friends of the families represented. A reception was held after the marriage.

**RETURN OF THE COLUMBIA ENGINE.**—The steam fire engine Columbia, which has been partially rebuilt at Seneca Falls, arrived here last night on a Washington Southern Railway train. The engine will be taken to the Columbia house this evening and as soon as possible be thoroughly tested. The engine has been at Seneca Falls for about three months.

**DEATH OF A FORMER RESIDENT.**—Mrs. Mary E. Page, a former resident of this city, died at her home, 1425 N. street northwest, Washington, yesterday evening. The deceased was a sister of Miss Addie Herbert and the late Julian Arnold.

**FOUND DEAD.**—Moses Newton, an old colored man, living near the corner of Payne and Queen streets, was found dead in his house this afternoon. The deceased, who lived alone, had been missing since yesterday, and his home being locked, Officer Smith broke in one of the doors and found Newton dead. His death is supposed to have been from natural causes.

**KNIGHTS OF COLUMBUS.**—The State Council of the Knights of Columbus met in Richmond yesterday and re-elected the present officers: D. J. Callahan, Norfolk, State deputy; J. B. Maher, Norfolk, State secretary; J. J. Sheehan, Boston, State treasurer; W. W. Doyle, Lynchburg, State warrent; T. H. Byson, Norfolk, State advocate; Rev. J. B. O'Reilly, Richmond, State chaplain.

**COMMITTEE MEETING.**—The committee on light met last night and had a general discussion concerning the gas and electric light plant. Before taking definite action the members decided to hold a joint meeting with the finance committee and the two committees will meet tomorrow night.

Mr. R. Gray, who lives near Amelia, Duchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. **Pneumonia Prevented.**  
Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and influenza during the past few years, to our knowledge, not a single case has resulted in pneumonia. Taos, Whitefield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for influenza in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of influenza to result in pneumonia." If you wish to avoid these ailments keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are so easy to take and mild and gentle in effect. For sale by Richard Gibson druggist.
